

## Wide Format Folding System Designed for

KIP 770, 780, 790, 775, 785, 795 C SERIES

KIP 71, 75, 79 G SERIES

# KIPFold 1800

# KIPFOLD 1800

*Wide Format Document Folding System*

## INTUITIVE DESIGN

- Automatic Title Block Detection
- Automatic Fold by Page Size
- Customised Fold Presets
- Advanced Technical Interface
- Full Bi-Directional Communication
- Superior Job Recovery Functionality
- KIP System K Software Integration
- Metric and Imperial Standard Size Folds

## FOLD QUALITY & RELIABILITY

KIPFold 1800 with KIP System K Software integration provides seamless workflow.

KIPFold 1800 is built to exacting standards, featuring a solid steel frame and stainless steel feed guide with low static transfer system for consistent and reliable operation. High quality components, sensors, precision bearings and solid design ensure precision and accurate folding.

The KIPFold 1800 uses proven folding technology based on a precision roller design for high production print environments. KIPFold 1800 offers industry leading fold quality, exact fold delivery, precise packets, and crisp fan folded documents.

**Portrait Packet Styles**

# VERSATILE PRODUCTION

Prints are folded allowing for easy document filing and distribution. A reliable and durable fold roller system ensures maximum packet accuracy. Users may conveniently select fold style preferences or no folding at their workstation before printing.

The KIP 1800 folding system features the flexibility to fold documents with precision. Prints are accepted in portrait format, to a portrait packet.

## KIPFold 1800 Features:

- Portrait Packet Styles
- Offline Manual Folding (Optional)

# SYSTEM INTEGRATION

This unique integrated solution allows complete control of the folder and folding packets directly from all KIP Applications including the KIP Touchscreen, KIP ImagePro, KIP PrintPro.NET, KIP Windows and AutoCAD HDI drivers.

KIP System K Software allows all user levels to easily create and prepare prints for folding through the uniform software interface and application process.

## KIPFold 1800 System K Software Features:

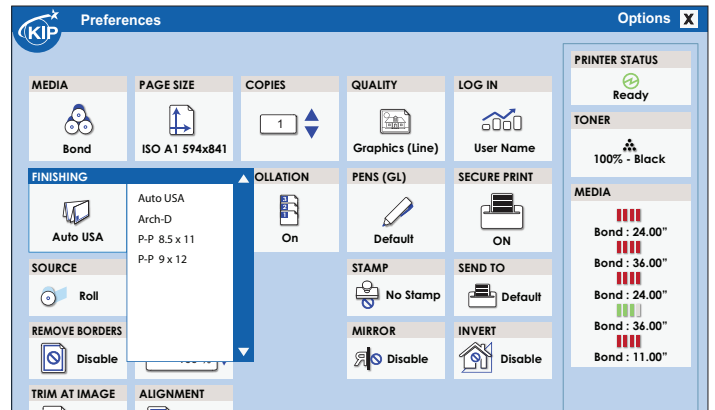

- Simplify custom folds with preset editor
- Print submission via PC and print drivers
- System error reporting through email notification
- Intelligent job recovery for accurate print accounting

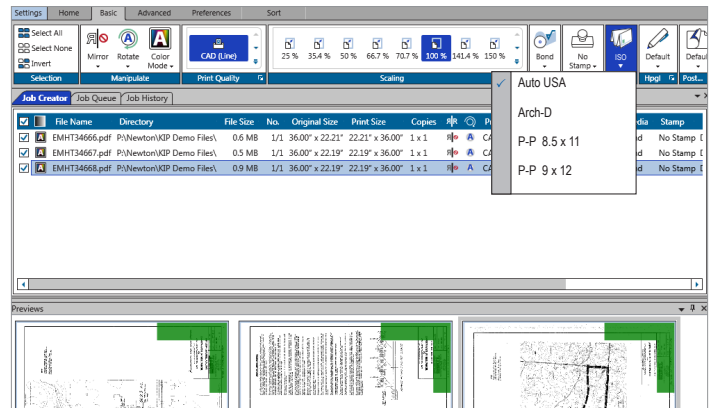

**Standard Folding**

**Production Crossfold with Stacking**

**Windows Driver Fold Packet Selection**

**PC, Browser, and Driver Folder Control**
